

## STATEMENT OF VALUES

Old Brick is a historic landmark owned by the Episcopal Diocese of Iowa. It represents ministry, fellowship, and community. It provides a venue for the exchange of ideas, artistic expression, educational activities, the promotion of social justice, and the collaboration of entities in the pursuit of service to the poor and others with special needs. Upholding these values are the following commitments:

To treat all people fairly, with dignity and respect;

To be honest, ethical, and uphold the highest standards of behavior in all our dealings;

To be responsible stewards of the property, and to be sensitive to the well-being of the environment;

To promote the gathering of people from diverse backgrounds to promote reconciliation, conflict resolution, and peacemaking;

To encourage positive social interaction between and among all communities we serve;

and to the extent possible, provide a space for non-profit organizations & related initiatives.

## MISSION

Old Brick's mission is to enrich the community as a historic landmark, to serve the community as a gathering place, and to support the community as a home for Episcopal and benevolent non-profit groups.
